ELIS SEIS - Chap 1+2 (DRAFT3) (5Jan15).docx

Hi Bernward,

No, I just edited the document to remove the text "notes to you" and any red font edits.

I have a date of January 5th on it since that is when it would have been changed. The changes I am making are just font related and not worth holding up a review. For the areas that are highlighted in yellow where you need additional information, they are still in yellow for the

Hi Jeannie,

Regarding Chapters 1 and 2, my plan was to go through it over the weekend in detail including addressing any final flags based your input earlier this week (i.e., the goal is to convert the 'Preliminary Draft' to a 'Draft' for your internal EPA review). You would have the file in your inbox by Sunday night. Please let me know if I should still plan to do that, in case you can ship it out Monday morning.

Thanks,

Bernward

Hi Bernward,

Attached are my commetns on Chapter 1 and 2.

There are only 3 highlighted areas requiring my input.

Ex. 5 - Deliberative Process

Anyway, I have completed my review. Please review the comments, delete them, remove the highlighted text so that it is minimal. Call it draft 4 and I will send it out for review.

I will also need to know where the other chapters are and when they will be available for review by other's besides the project team. If you cannot provide an estimate of chapter delivery, please give me a percentage of completion for chapters, specifically 6,7.

Thanks, jeannie
